NordicCup-four-team-event

We will try out a new racing format consisting of teams for four; one in each category (C1M, C1W, K1M, K1W). Each team gets points adding its three best results (place = points). The team with the lowest score wins. Both race days will be counted. Two lowest possible score will be 6 for a team. Counting rules will be explained in detail on Nordic Cup Facebook page.

Best team will be awarded 200 €. Second best 160 €.

Each team must consist of four individuals, and announce in advance who to count for points in each class (but everyone is allowed to race both C1 and K1). Members can be any constellation of clubs and countries. Each team needs a name, preferably a team sponsor.

The NordicCup-four-team-event results will be announced besides other results.
